

## Table of Contents

SUMMARY .....	iii
I. PURPOSE OF AND NEED FOR ACTION .....	I-1
I.A Purpose.....	I-1
I.B History.....	I-1
I.C Need .....	I-2
I.C.1 Statewide System Linkage.....	I-2
I.C.2 Local Transportation Network.....	I-3
I.C.3 Economic Development .....	I-4
II. AFFECTED ENVIRONMENT .....	II-1
II.A Social/Economic .....	II-1
II.A.1 Population .....	II-1
II.A.2 Economic.....	II-4
II.A.3 Neighborhoods and Other Development Concentrations.....	II-7
II.A.4 Public Facilities/Services.....	II-9
II.A.5 Highway and Other Transportation Data .....	II-11
II.A.6 Local Planning.....	II-13
II.B Agricultural.....	II-15
II.B.1 Agricultural Use .....	II-15
II.B.2 Agricultural Soils.....	II-16
II.B.3 Land Capability Groupings.....	II-17
II.B.4 Agricultural Zoning .....	II-17
II.B.5 Agricultural Conservation and Protection Areas .....	II-18
II.B.6 Conservation Reserve Program.....	II-18
II.B.7 Centennial Farms .....	II-19
II.B.8 Coordination .....	II-19
II.C Cultural .....	II-19
II.C.1 Historic Resources .....	II-19
II.C.2 Archaeological Resources .....	II-19
II.D Air Quality.....	II-19
II.E Natural Resources.....	II-20
II.E.1 Wildlife Resources .....	II-20
II.E.2 Geology and Soils .....	II-22
II.E.3 Hydrology .....	II-24
II.E.4 Plant Communities .....	II-24
II.E.5 Threatened and Endangered Species .....	II-28
II.E.6 Nature Preserves and Natural Areas .....	II-30
II.F Water Resources .....	II-31
II.F.1 Surface Waters.....	II-31
II.F.2 Groundwater.....	II-33
II.F.3 Water Quality.....	II-34
II.G Flood Plains .....	II-35
II.H Wetlands.....	II-36
II.H.1 Project Area Wetland Types .....	II-37
II.H.2 Wetland Quality and Classification.....	II-38
II.H.3 Wetlands in the Project Corridor .....	II-39
II.I Hazardous and Non-Hazardous Wastes .....	II-44
II.I.1 Hazardous Waste.....	II-44
II.I.2 Non-Hazardous Waste.....	II-44

## Table of Contents (continued)

II.J	Visual Characteristics.....	II-44
III.	ALTERNATIVES CONSIDERED .....	III-1
III.A	Description of the No-Action Alternative .....	III-1
III.B	Selection of the Preferred Alternative .....	III-1
III.B.1	Use of Other Modes of Transportation.....	III-1
III.B.2	Highway Types.....	III-2
III.B.3	Alignment Studies .....	III-2
III.C	Description of the Preferred Alternative.....	III-11
III.C.1	Design Characteristics .....	III-12
III.C.2	Traffic Volumes .....	III-14
III.C.3	Cost and Right-of-Way Requirements .....	III-14
IV.	ENVIRONMENTAL CONSEQUENCES .....	IV-1
IV.A	General Impacts .....	IV-1
IV.A.1	Short-Term Uses Versus Long-term Productivity .....	IV-1
IV.A.2	Irreversible/Irrecoverable Commitment of Resources .....	IV-3
IV.B	Social/Economic .....	IV-3
IV.B.1	Community Changes.....	IV-4
IV.B.2	Environmental Justice .....	IV-5
IV.B.3	Other Groups.....	IV-5
IV.B.4	Public Services/Facilities.....	IV-5
IV.B.5	Relocation .....	IV-6
IV.B.6	Business Impacts .....	IV-7
IV.B.7	Land Use Impacts .....	IV-7
IV.B.8	Property Values.....	IV-9
IV.B.9	Highway, Public Transportation, and Other Transportation Impacts .....	IV-9
IV.B.10	Industrial Sites .....	IV-9
IV.B.11	Employment .....	IV-10
IV.B.12	Tax Revenues .....	IV-10
IV.C	Agricultural.....	IV-12
IV.C.1	Farmland Usage, Displacements, and Soils .....	IV-13
IV.C.2	Protected Agricultural Areas .....	IV-17
IV.C.3	Agricultural Income Loss.....	IV-17
IV.C.4	Severances, Remnants, and Land-locked Parcels.....	IV-18
IV.C.5	Adverse Travel by Farmers.....	IV-19
IV.C.6	Surface and Subsurface Drainage Maintenance .....	IV-21
IV.C.7	Mitigation Measures .....	IV-21
IV.C.8	Farmland Conversion Impact Rating .....	IV-21
IV.D	Cultural .....	IV-22
IV.D.1	Historic Resources .....	IV-22
IV.D.2	Archaeological Sites.....	IV-23
IV.E	Air Quality.....	IV-23
IV.F	Noise .....	IV-23
IV.F.1	Fundamental Concepts of Highway Noise.....	IV-24
IV.F.2	Ambient Measurements .....	IV-24
IV.F.3	Noise Abatement Criteria .....	IV-24
IV.F.4	Noise Prediction Methodology .....	IV-25
IV.F.5	Existing Noise Levels .....	IV-26
IV.F.6	Design Year (2020) Noise Levels .....	IV-26

## Table of Contents (continued)

IV.F.7	Evaluation of Abatement Measures .....	IV-28
IV.F.8	Construction Noise Impacts .....	IV-30
<b>IV.G</b>	<b>Energy.....</b>	<b>IV-31</b>
<b>IV.H</b>	<b>Natural Resource Impacts .....</b>	<b>IV-31</b>
IV.H.1	Upland Plant Community Impacts.....	IV-31
IV.H.2	Wildlife Resource Impacts.....	IV-33
IV.H.3	Minimization and Mitigation of Impact.....	IV-36
IV.H.4	Geology and Soils .....	IV-41
IV.H.5	Threatened and Endangered Species .....	IV-41
<b>IV.I</b>	<b>Water Quality/Resources Impacts.....</b>	<b>IV-41</b>
IV.I.1	Surface Water Resources/Water Quality.....	IV-42
IV.I.2	Groundwater Quality .....	IV-45
<b>IV.J</b>	<b>Flood Plain Impacts.....</b>	<b>IV-45</b>
IV.J.1	Impacts and Avoidance .....	IV-45
IV.J.2	Flood Plains – Only Practicable Alternative Finding .....	IV-47
<b>IV.K</b>	<b>Wetland Impacts .....</b>	<b>IV-47</b>
IV.K.1	Long-Term Wetland Impacts.....	IV-48
IV.K.2	Short-Term Wetland Impacts .....	IV-48
IV.K.3	Avoidance.....	IV-50
IV.K.4	Measures to Minimize Harm .....	IV-51
IV.K.5	Compensatory Mitigation .....	IV-51
IV.K.6	Wetlands – Only Practicable Alternative Finding .....	IV-52
<b>IV.L</b>	<b>Hazardous and Non-Hazardous Wastes .....</b>	<b>IV-52</b>
IV.L.1	Hazardous Waste.....	IV-52
IV.L.2	Non-Hazardous Waste .....	IV-53
<b>IV.M</b>	<b>Permits/Certifications .....</b>	<b>IV-53</b>
<b>IV.N</b>	<b>Visual Impacts.....</b>	<b>IV-54</b>
IV.N.1	Visually Sensitive Locations .....	IV-54
IV.N.2	Visual Character of the Proposed Alignment.....	IV-55
IV.N.3	Visual Effects.....	IV-55
IV.N.4	Mitigation .....	IV-56
<b>IV.O</b>	<b>Secondary and Cumulative Impacts .....</b>	<b>IV-56</b>
IV.O.1	Secondary Actions .....	IV-57
IV.O.2	Cumulative Actions.....	IV-57
IV.O.3	Community Impacts.....	IV-57
IV.O.4	Agricultural Impacts.....	IV-58
IV.O.5	Natural Resource Impacts.....	IV-58
<b>IV.P</b>	<b>Construction Impacts.....</b>	<b>IV-59</b>
IV.P.1	Agricultural Activities and Soils .....	IV-59
IV.P.2	Disruption of Services .....	IV-60
IV.P.3	Noise .....	IV-60
IV.P.4	Water Quality.....	IV-60
IV.P.5	Wetlands .....	IV-61
<b>IV.Q</b>	<b>Summary of Mitigation Measures.....</b>	<b>IV-61</b>
IV.Q.1	Agriculture .....	IV-61
IV.Q.2	Upland Habitat.....	IV-62
IV.Q.3	Vehicle/Animal Collision Mitigation .....	IV-62
IV.Q.4	Threatened and Endangered Species .....	IV-62
IV.Q.5	Wetlands .....	IV-62

## Table of Contents (concluded)

V.	LIST OF PREPARERS .....	V-1
V.A.	Federal Highway Administration (FHWA) .....	V-1
V.B.	Illinois Department of Transportation (IDOT) .....	V-1
V.C.	Parsons Brinckerhoff Quade & Douglas, Inc. (PBQD) .....	V-2
V.D.	Planning Resources, Inc. (PRI).....	V-4
VI.	LIST OF AGENCIES, ORGANIZATIONS, AND PERSONS RECEIVING COPIES OF THE STATEMENT .....	VI-1
VII.	COMMENTS AND COORDINATION .....	VII-1
VII.A	Scoping.....	VII-1
VII.B	Cooperating Agencies .....	VII-1
VII.C	State and Federal Agency Coordination .....	VII-1
VII.D	Local Officials Coordination.....	VII-2
VII.E	Public Involvement.....	VII-3
VII.E.1	Draft Environmental Impact Statement Preparation .....	VII-3
VII.E.2	Public Hearing .....	VII-4
VII.F	Agency Comments on the DEIS and Responses .....	VII-7
APPENDIX A.	CORRESPONDENCE AND MEETING MATERIALS .....	A-1
APPENDIX B.	SPECIES LISTS .....	B-1
APPENDIX C.	DETAILED AGRICULTURAL IMPACT FINDINGS.....	C-1
APPENDIX D.	LIST OF REFERENCES .....	D-1
APPENDIX E.	WILDLIFE MITIGATION DRAWINGS .....	E-1

## List of Tables

Table II-1.	Population, Race, Income, and Age .....	II-2
Table II-2.	Occupation (Persons 16 Years and Over).....	II-5
Table II-3.	McDonough County Major Employers in 2002 .....	II-6
Table II-4.	Land in Farms and Cash Receipts, McDonough County (1997).....	II-15
Table II-5.	Agricultural Statistics, McDonough County (1997) .....	II-16
Table II-6.	Land Capability Groupings in the County .....	II-18
Table II-7.	Vegetation Cover Types within the Project Corridor.....	II-25
Table II-8.	Wetlands in the East Fork La Moine River Basin, McDonough County .....	II-36
Table II-9.	Characteristics of INHS Wetlands Within the Macomb Area Study Corridor ....	II-39
Table II-10.	Sizes and Values of INHS Wetlands Within the Macomb Area Study Corridor .....	II-41
Table III-1.	1997 to 1998 Design Characteristics and Environmental Impacts .....	III-4
Table III-2.	1999 Design Characteristics and Environmental Impacts – NE-9 versus NE 9R and NE-1 versus NE-3 .....	III-8
Table III-3.	1999 Design Characteristics and Environmental Impacts – NW-2 versus NW-3 .....	III-9
Table III-4.	2003 Environmental Impacts – NW-2R versus NW-15 .....	III-12
Table III-5.	Design Criteria .....	III-13
Table IV-1.	Construction Related Employment .....	IV-10
Table IV-2.	Tax Revenue Impact Analysis .....	IV-11
Table IV-3.	Impacts to Farm Units and Operations .....	IV-12
Table IV-4.	Farmland Impact Types .....	IV-13
Table IV-5.	Farmland and Buildings Affected .....	IV-13
Table IV-6.	Conversion of Prime and Important Farmlands .....	IV-14
Table IV-7.	Conversion of Soils by Land Capability Classification.....	IV-15
Table IV-8.	Soil Types Within Area Used by the Project .....	IV-16
Table IV-9.	Erodible Soils Converted .....	IV-16
Table IV-10.	Conservation Reserve Program Impacts.....	IV-17
Table IV-11.	Farm Severances, Uneconomic Remnants, and Land-locked Parcels .....	IV-18
Table IV-12.	Uneconomic Remnants.....	IV-19
Table IV-13.	Landlocked Parcels.....	IV-20
Table IV-14.	Adverse Travel .....	IV-20
Table IV-15.	Ambient Noise Measurement Results .....	IV-25
Table IV-16.	FHWA's Noise Abatement Criteria.....	IV-25
Table IV-17.	Predicted Noise Levels (dBA) .....	IV-27
Table IV-18.	Impacts to Upland Vegetation Cover Types .....	IV-32
Table IV-19.	Wildlife Crossings.....	IV-40
Table IV-20.	Erosion and Sediment Controls Locations Needing Special Consideration.....	IV-43
Table IV-21.	Flood Plain Encroachments .....	IV-46
Table IV-22.	Estimated Wetlands Loss by Location .....	IV-49
Table IV-23.	Required Compensation for Wetland Loss by Affected Wetland.....	IV-52
Table IV-24.	US Army Corps of Engineers Dredge and Fill Permit Locations .....	IV-53

## List of Exhibits

- Exhibit S-1. Study Area
- Exhibit S-2. Preferred Alternative
- Exhibit I-1. Study Corridors
- Exhibit I-2. Other Four Lane Expressway/Freeway Projects in the Region
- Exhibit I-3. Signalized Intersection Locations
- Exhibit I-4. Existing and Projected Traffic
- Exhibit I-5. Enterprise Zone and Tax Increment Financing District
- Exhibit II-1. Residential and Business Concentrations and Community Services
- Exhibit II-2. Agricultural Usage, Vegetative Cover Types, and Aquatic Resources
- Exhibit II-3. Social, Cultural, and Environmental Features
- Exhibit II-4. La Moine River Basin
- Exhibit III-1. 1997 to 1998 Alignment Alternatives
- Exhibit III-2. Alignment Refinements 1999 to 2003
- Exhibit III-3. Alignment Comparison of NW-2, 2R, and 15 at Deer Ridge Lake
- Exhibit III-4. Typical Freeway Cross Section
- Exhibit III-5. Traffic Forecasts with the Preferred Alternative
- Exhibit IV-1. Typical Agricultural Impacts
